Motivated computer science student seeking a software engineer role to apply my skills in Java, React.js, and development. Eager to contribute to building scalable, reliable, and efficient systems while collaborating in agile teams and enhancing my knowledge of system architecture, microservices, and performance optimization.

Education

Karmaveer Bhaurao Patil, College of Engineering, Satara

September 2022 - Present

- B.Tech in Computer Science and Engineering

Skills

- **Programming Languages:** core **Java**, JavaScript, HTML, CSS, SQL
- **Frameworks & Libraries:** React
- **Tools & Platforms:** Docker, Git, GitHub, **MySQL**

Work Experience

Codex-tech-hub @ Intern

May 2025 - present

Java Full Stack Web Development Intern

- Tech Stack: **Java Full Stack**

Developed interactive and responsive **user interfaces using React.js**, implementing reusable components and state

- Designed and managed **MySQL databases**, writing optimized SQL queries for CRUD operations and data retrieval.

Projects

Gold Loan Management | React.js, Spring Boot, MySQL

- Designed and developed a **Gold Loan Management System** to manage customer details, loan applications, gold asset records, and repayment tracking
- Implemented loan eligibility checks, interest calculations, and EMI processing to ensure accurate loan management.
- Created user-friendly screens for customer registration, loan tracking, and payment updates.
Implemented validation and error-handling mechanisms to improve data accuracy and system reliability.

Hotel Management | HTML, CSS, JavaScript, Spring Boot, MySQL

- Designed and developed a Hotel Management System to manage room bookings, guest details, check-in/check-out processes, and billing operations.
- Implemented room availability tracking and reservation management to ensure efficient booking workflows.
- Created structured records for rooms, guests, and transactions to maintain data accuracy and consistency.

Certifications

- J.P. Morgan - Software Engineering Job Simulation Certificate (Forage)
